Elegance and confort

The Aventura 10 is immediately out for its elegant design and confort level. The space concept built around the square / cockpit that we were the first to develop on a catamaran, offering a 360° sea view thanks to the large glazed areas. Special attention is paid to the treatment of natural light and artificial to ensure confort and well being For interiors , a large kitchen with a lot of storage and a L salon to allow a comfortable life aboard . Available in 3 or 4 cabins (optional), two bathrooms and many storages , the Aventura 10 is the ideal companion for long and beautiful cruise ...

Modern, Luxury and Performance

With the Aventura 10 we performed the feat to propose a 10 meter catamaran with elegant lines , exceptional living spaces and a luxurious finish with using a noble materials such as solid mirror polished stainless steel , Corian and a perfectly made of furniture's. With its modern hulls, specially designed to ensure stability during navigation and at anchor, a soft impact with the waves, lower fuel consumption and engine ranging from 80 hp to 200 hp , the Aventura 10 Power will satisfy the most demanding navigators.
